

AMENDMENT

APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED.

Date of first receipt and filing in State Engineer's office MAY 4 1949
 Returned to applicant for correction JUN 6 1949
 Corrected application filed AUG 3 1949

The undersigned SALMON RIVER CANAL COMPANY, LTD., a corporation incorporated in the State of Idaho, duly qualified in the xx, ^{Name of applicant} XXXXXXXXXX

State of Nevada, hereby makes application for permission to change the point of diversion and place of use of water heretofore appropriated under decreed right (State nature of right that is the basis of this application, i.e., vested, decreed or permitted right.)

1. The source of water supply is Salmon River
2. The quantity of water desired to be changed 65 acre ft--.364 sec. ft. (Acre feet, second feet)
3. The water is to be used for irrigation and domestic purposes
4. The water heretofore used for irrigation and domestic purposes.
5. Place of use under existing appropriation 10.7 acres in Sec. 1, (Under irrigation give number acres)
- T. 44 N., R. 63 E.
and description in respect to Government Land Survey; under any other use give location as being within a 40-acre subdivision.)
6. Proposed place of use under this application (Under irrigation give number of acres and description in respect to Government Land Survey; under any other use give location as being within a 40-acre subdivision.)
7. The water is to be diverted from its source at the following point: (Describe as being within a 40-acre subdivision of public survey or by course and distance to a section corner.)
8. The existing point of diversion under the former appropriation is as follows: old Channel, South side in NE 1/4 SE 1/4 Sec. 10, T. 44 N., R. 63 E. (If point of diversion is not changed do not answer.)
9. Number and kind of animals proposed to be watered
10. Use will begin about April and end about October of each year. (Month) (Month)
11. The water has been used heretofore during the months of April to October, inclusive of each year
12. Remarks The tract of land to which the water right is to be transferred (see item 6 above) has never received sufficient water to properly irrigate same, and rights decreed to same have never been filled. Applicant owns all lands on which present diversions are situate, and its share holders own lands upon which water will be used. No users intervene between present points diversion and proposed place of use.

13. Description of proposed works Earthen dam at first point of diversion; 30 foot canal average depth 6 feet gradient .3% leading northerly from point diversion. Water conducted to impounding dam Twin Falls County, Idaho. Said dam creates reservoir approximately 182650 acre feet capacity, from which there is the final point of diversion. (see map).

14. Estimated cost of works \$70,000.00. Cost reservoir & distributing system has been over \$1,000,000.00

15. Estimated time required to construct the works is one year.
